

HOT COFFEE

Indonesia's rich coffee tradition is rooted in craftsmanship and community, an ethos we honor through collaborations with dedicated farmers and roasters across the archipelago.

Our featured roast, java joe bean (est. 2013), harmonizes 50% ijen arabica with 50% temanggung robusta, delivering a smooth, aromatic, and full-bodied profile. designed for versatility, it shines in everything from slow pour-over rituals to a bold, refined espresso.
